Announcer:

Being smart about money isn't always easy, and we could all use a little help when it comes to managing our finances. That's why financial institutions, businesses, schools, libraries and many other organizations are teaming up to support financial education during Money Smart Colorado during April 21 – 28.

During the week, a variety of free classes and events will be offered throughout the state. You'll have the chance to learn about credit, the home-buying process, estate planning, how to avoid being a victim of identity theft and more. Go to www.moneysmartColorado.org to find a listing of events near you. All presentations are free, educational and have no strings attached.

Once again, visit www.moneysmartColorado.org for a calendar of events and more information about the week. Get money smart. Stay money smart. Money Smart Colorado.
